

## HELICOPTER EXPERIENCE 2019

Rates Valid: 17 January 2019 - 31 December 2019

The Agusta Westland 119 is a versatile single-engine helicopter ideally suited to VIP transport. Based at Tswalu, the Agusta is available for private helicopter flips on Tswalu, excursions to nearby points of interest and historical landmarks, and a shuttle service to Upington airport.

### Agusta Aw119

- Range capability: 450nm (840km)
- Typical Cruise Speed: 130 knots (240km/h)
- Cruise Altitude: 8000 ft
- VIP Seating: 6 persons including pilot

### CONSERVATION EDUCATIONAL

By virtue of its size alone, Tswalu has become an important contributor to species conservation and is now recognised as a valuable reservoir of genetic diversity and as an important research site for understanding the conservation management of endangered species. You are hosted by a member of our conservation team on this 35 minute flight around the reserve.

FLIGHT DURATION +/- 35 minutes • FLIGHT COST R16 115 • MAX 4 PASSENGERS

Your flight contributes to saving our rhino for one day.

### KORANNABERG MOUNTAIN PICNIC

Enjoy a scrumptious picnic perched on a peak of the Korannaberg – probably the first human to set foot on this remote, inaccessible (other than helicopter) location, and relish the uninterrupted views of the southern Kalahari.

FLIGHT DURATION +/- 35 minutes • FLIGHT COST R 16 115 • MAX 4 PASSENGERS (picnic included)

### TRANSFERS TO UPINGTON

The helicopter transfer provides seamless access to domestic flights via Upington, as well as being the closest international airport to Tswalu, for cross boarder safari itineraries.

FLIGHT DURATION 45 minutes • FLIGHT COST R41 305 • MAX 5 PASSENGERS (Cost includes an empty leg to/from Upington)
